An Evening in Napa Wine Country

The character of any wine comes from the grapes that go into it, and the character of those grapes is firmly rooted in the place where they are grown. Napa Valley enjoys the best of all scenarios for fine grapes, superb wines, and great diversity of wine styles.

The Napa Valley Vintners, with the gracious support of the U.S. Consulate, proudly invite you to an evening of wine tasting and hors d'oeuvres, benefiting Rebecca's Hope. Vintners will share some of their finest premium wines, crafted from their world-famous vineyards. This is a wonderful opportunity to meet these award-winning owners and winemakers while supporting Rebecca's Hope for Leukemia Research.
